

Hello! I am Amoka J. Kotty studying in 'Convent of Jesus & Mary College' at Kharghar, Navi Mumbai. I would like to tell you about how I came in contact with Premdan.

We were five in our family Mummy, daddy, elder sister, younger brother and myself. Daddy was the only man in our family who used to work in a fishing boat and return home after 2-3 months. Mummy used to take care of us. Everything went well and good. But there was something that irritated my mom a lot. There was a man who used to trouble my mom by abusing her and by torturing. She tried complaining daddy about him, Daddy used to take holidays, and come home but at that time everything used to be normal. That man never abused mummy in front of daddy, so daddy never believed what she said. My mom couldn't take all this and one fine day she committed suicide. After my mom's death daddy tried and asked Aunty and Uncle to take care of us. but, nobody was willing. So, daddy in his depression started drinking a lot. There was a person who informed daddy about this boarding - Premdan.

Sister Felicity was kind enough to help me in my studies.
